In re Application of	:
Robert E. Dudley et al	:
Serial No.: 10/829,618	: SUSPENSION OF ACTION
Filed: April 20, 2004	:
Attorney Docket No.: 04274661	:

This is in reply to the petition under 37 CFR 1.103 to suspend action on this application at applicant's request for a period of six months, filed September 13, 2005.

A review of the file history shows that this is an unexamined application. Applicants request that action on this application be suspended for six months in view of pending litigation.

§ 1.103 Suspension of action by the Office.

(a) Suspension for cause. On request of the applicant, the Office may grant a suspension of action by the Office under this paragraph for good and sufficient cause. The Office will not suspend action if a reply by applicant to an Office action is outstanding. Any petition for suspension of action under this paragraph must specify a period of suspension not exceeding six months. Any petition for suspension of action under this paragraph must also include:

- (1) A showing of good and sufficient cause for suspension of action; and
- (2) The fee set forth in § 1.17(g), unless such cause is the fault of the Office.

Applicants' petition requests suspension in view of litigation pending in the District Court in Georgia involving two cases. No indication is given as to when the cases were filed, their status or approximate date of decision or resolution nor how any decision would affect prosecution or patentability in this application. Further it is not the general practice of the Office to suspend prosecution in unexamined applications except in extraordinary circumstances. None have been set forth in the petition. In summary, no showing of good or sufficient cause has been made.

In view of the above reason the petition is **DENIED**.

The application will be forwarded to the examiner for initial examination in turn.
